PLUMBING PEACE OF MIND PROTECTION PROGRAM A FULTON PROGRAM DESIGNED TO REDUCE YOUR PLUMBING COSTS AND INCREASE THE SAFETY OF YOUR HOME

What the **FULTON PLUMBING PEACE OF MIND PROTECTION PROGRAM** entitles you to:

- SAFETY FOR YOUR FAMILY AND YOUR HOME:** Peace Of Mind Protection for you and your family. Your Fulton professional technician will routinely and thoroughly inspect your entire (reasonably accessible) plumbing system, to verify that it's safe and economical, and diagnose potential problems before they become costly emergencies.
- EMERGENCY SAFEGUARDS:** If a real emergency situation presented itself at your house, would you know how and where to cut off the main water to your residence? Most people would not! Our caring professionals will place emergency cutoff tags on your incoming water service valve and hot water heater. Being prepared really does provide Peace of Mind Protection.
- SAVINGS! SAVINGS! SAVINGS!** With this plan you are automatically entitled to Fulton exclusive Value Rate Pricing, a savings of 15% on the total cost (labor and materials!) of all your plumbing service needs for the entire length of your program.
- PRIORITY SCHEDULING!** Your Peace of Mind Protection Program also qualifies you for Priority/Preferred Service status, ensuring you priority scheduling 7 days a week, 24 hours a day for all of your plumbing needs.
- GUARANTEED PRICING!** If problems are noted during routine inspections, we will immediately bring them to your attention and furnish **EXACT PRICING INFORMATION IN WRITING** (at exclusive Value Rate Pricing!) on all recommended repairs and with your approval, complete them at your convenience.
